Registering Your SimNet Online Account

In order to use SimNet, you must have a user name and password, and you must enter a registration code to activate your account.

I have a user name and password	1
I do not have a user name and password	2
I have a registration code	2
I want to pay for my registration online	4
About Purchasing Online	5

I have a user name and password

Your instructor may provide you with a user name and password. If so, enter them on the log in page, and then click the **Sign In** button.

If you log in to SimNet, and your account is not yet registered, you will not have access to any of the SimNet materials until you add a registration code to your account. There are two ways to register your account.

1. If you have a registration code, enter it in the **text box** on the My SimNet page, and then click the **Add A New Code** button.
2. If you do not have a registration code, you can purchase your registration from within SimNet. Click the **Purchase A Code** button. See *I want to pay for my registration online* in the next section for more information.

Registering Your SimNet Online Account

The screenshot shows the SimNet Online user interface. At the top, the user is logged in as "Stu Dent" with the username "ImaStudent". The interface includes navigation tabs for Assignments, Gradebook, Self-Study, My SimNet, and SimSearch. The "My SimNet" section displays contact information, registration status (not registered), and a list of available classes. The "Available" table lists three sections of "Introduction to Computing" (10001, 10002, 10003). The "Enrolled" section is currently empty.

Class	Section
Introduction to Computing	10001
Introduction to Computing	10002
Introduction to Computing	10003

I do not have a user name and password

If you do not have a user name and password, you will need to *self-register* and create your SimNet account.

I have a registration code

If you purchased a registration code from your bookstore, or if your instructor provided one to you, you will need to enter the code as part of the registration process. If you purchased a textbook for your class, the SimNet registration code may be included with the textbook.

1. From the SimNet log in page, click the **I have a REGISTRATION CODE** button.

The screenshot shows the SimNet Online login page. It features a login form with fields for Username and Password, a "Sign In" button, and a "Forgot your password?" link. Below the login form is a "New SimNet Student?" section with two buttons: "I have a REGISTRATION CODE" and "I don't have a REGISTRATION CODE". The page also includes a "TEACH ME... SHOW ME... LET ME TRY..." section with a description of the SimNet Online system and a small image of a person using a computer.

2. On the next screen, review the McGraw-Hill license agreement. Click the **Check this box if you agree to the end user license agreement** check box, and then click the **Next** button.

Registering Your SimNet Online Account

3. Enter your registration code in the space provided, and then click the **Next** button.

Registering Your SimNet Online Account

6. Click the **Finish** button to return to the main log in page where you can now enter your user name and password.

I want to pay for my registration online

If you have not yet purchased a registration code from your bookstore, you can pay for registration online using a credit/debit card:

1. Click the **I don't have a REGISTRATION CODE** button.
2. Select the SimNet Online product you want to purchase, and then click the **Next** button.
 - a. Confirm that the message at the top of the page includes the name of your school or organization.
 - b. If you are not sure which SimNet product to purchase, check with your instructor or your class syllabus.
3. On the next screen, review the McGraw-Hill license agreement. Click the **Check this box if you agree to the end user license agreement** check box, and then click the **Next** button.
4. Enter your registration information and your credit card information.
 - a. The information in the SimNet Online Information section is used to create your SimNet account. This information is saved to the SimNet database and is visible to your instructor.
 - b. The credit card payment information and billing address is not saved to the SimNet database. This information is only used to process your SimNet payment. It is not visible to your instructor.

The screenshot shows the 'Purchase' step of the SimNet Online registration process. The form is titled 'simnet[®]online' and has a progress bar with four steps: 1. Select Product, 2. License Agreement, 3. Purchase (current step), and 4. Enroll. The form is divided into three main sections: SimNet Online Information, Payment Method, and Billing Address. The SimNet Online Information section includes fields for First Name, Last Name, Student ID, Phone, Email, Confirm Email, User Name, Password, and Confirm Password. The Payment Method section includes a dropdown for Credit/Debit Card (set to Master Card), Card Number, Security Code (with a '3 or 4 digits [info]' link), and Expire Date (set to 1 / 2008 (MM/YY)). The Billing Address section includes fields for Name on Card, Address, Additional Address, ZIP / Postal Code, City, and State or Province / Country (set to AK / USA). An Order Details section on the right shows Product: SimNet for Office 2007 Office Suite, Shipping: \$0.00, Tax: \$0.00, and Total: \$44.95 (No Returns). Navigation buttons for 'Previous' and 'Purchase' are at the bottom. The footer includes logos for GeoFrustr, deca software, and triadinteractive, along with a 'faq' link and a 'contact us' link.

Registering Your SimNet Online Account

5. When you are ready, click the **Purchase** button to submit your payment. Be patient. The system may take a few minutes to process your payment.
6. If your payment is accepted, you will see a **Transaction Approved** message.
7. Select the Campus you attend. If you cannot find your campus in the list select **All**. (Not all schools use the campus option, so you may not see this screen during registration.)
8. Select your class or classes from the list, and then click the **Log In** button to enroll in the class. You will be returned to the main Log In page, where you can now enter your user name and password.

About Purchasing Online

If you purchase your registration code online, the code will be added to your SimNet account automatically. You will receive your purchase receipt via an email from DECA SOFTWARE. You may need to check your junk email folder for the receipt email.
